

# Empowering

Your Business, People, Empire

# You Thought You Knew Us

## THINK AGAIN

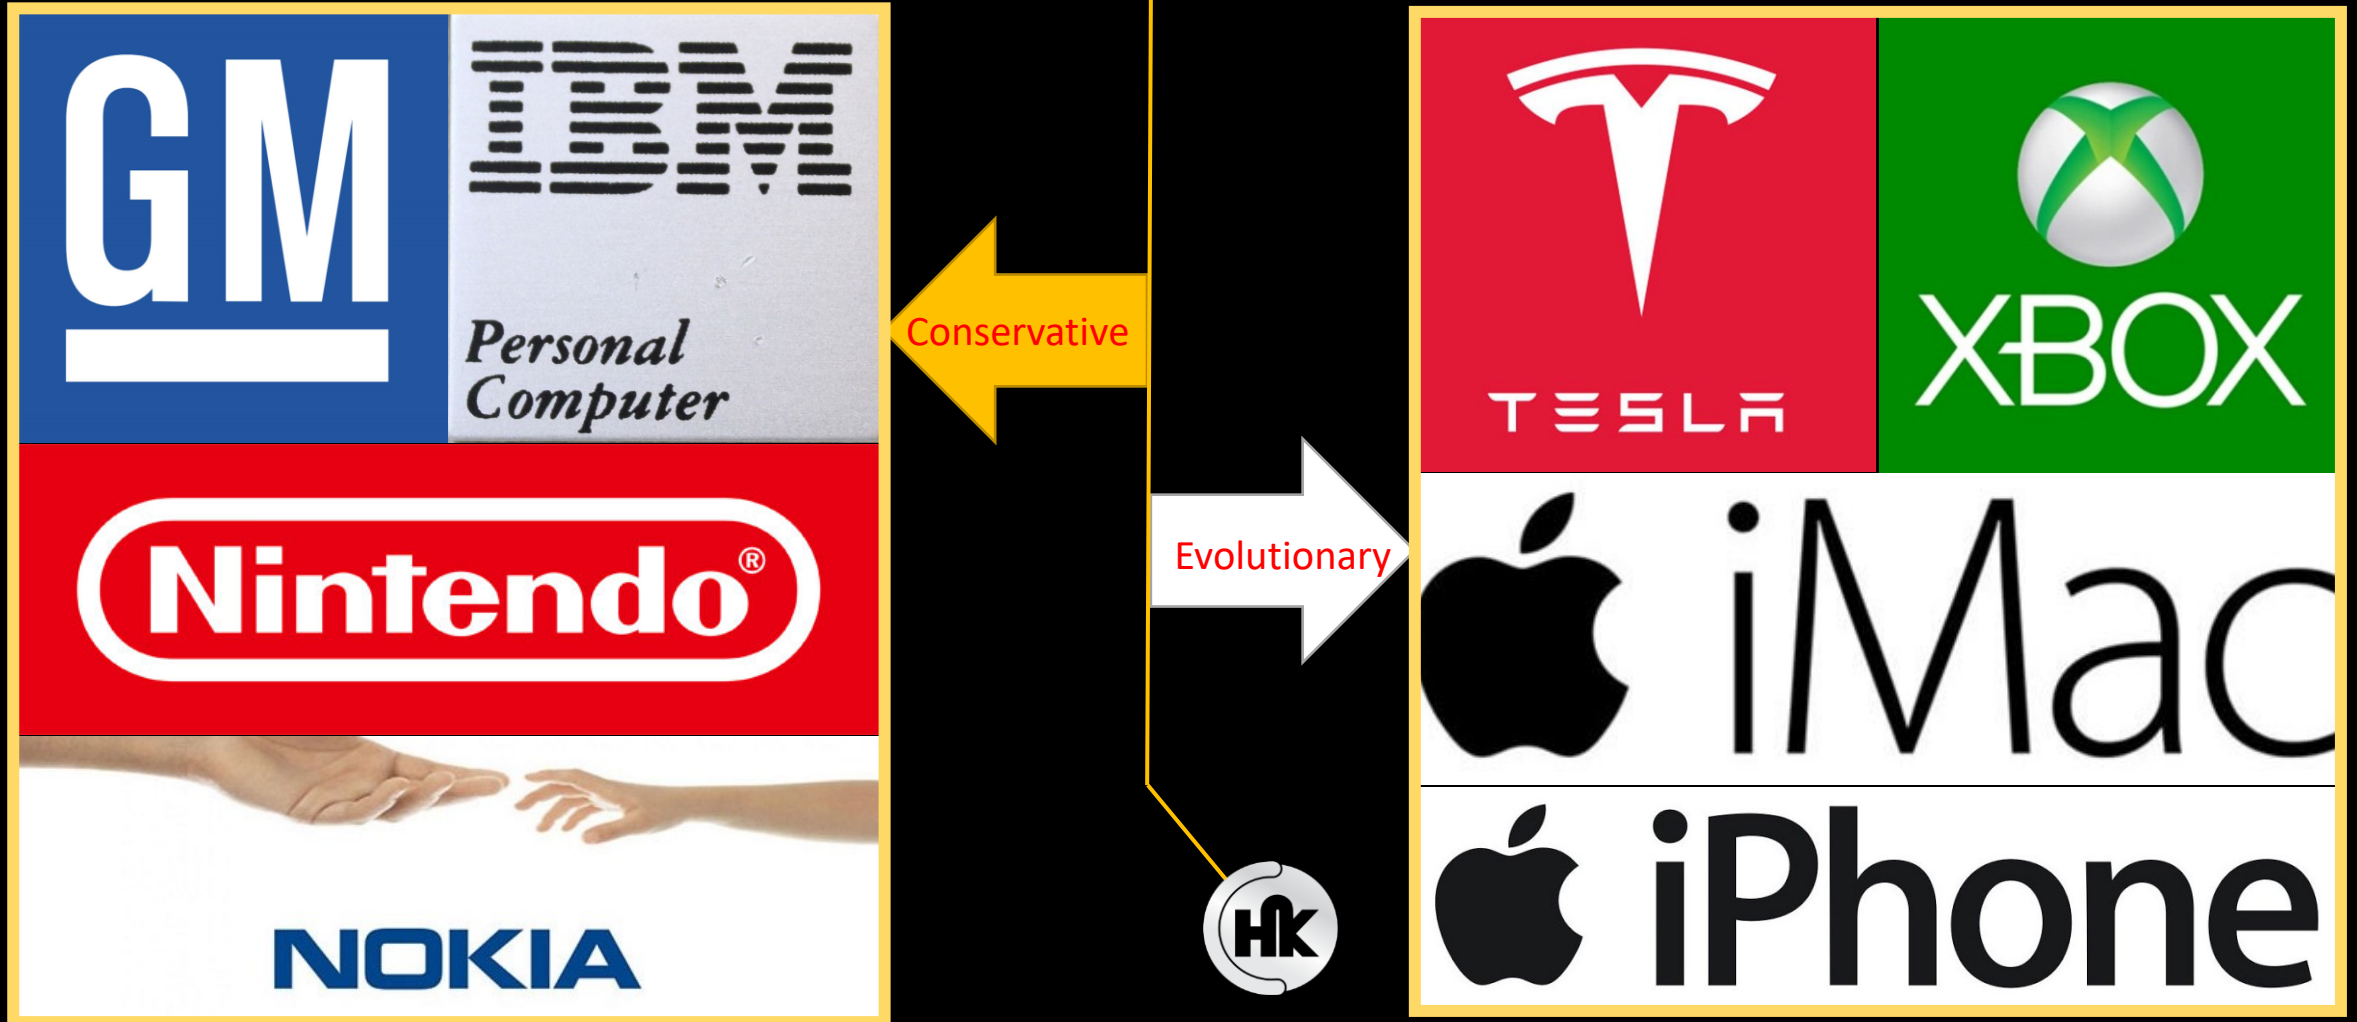

Our Credit with Evolutionary Business Owners as yourself, is in gaining you leverage above Slow Movers,

1. To **Increase Market Share.**
2. **Capture customers imagination.**
3. **Be Advanced Ahead.**
4. **More Turnover / Minute.**

Bringing to you beyond equipment from a factory, instead **Exclusive** & **Patent** technique from forward thinkers & leaders of manufacturing technology.

# Select That Succeeds Today

# Widen Profit Margin

## Un-limit Wines by the Glass

Add more wine labels to your menu as the demand increases without needing more space and more wine dispensing equipment. Upload your Wine Library and See What's up Anytime.

## Create, Showcase, Redesign, Use Again

Create Decorative Wine Display Wall with Advanced Finishes and Styling, that can be re-used in same style or differently. Your Restaurant Space can change. Its profitable to have a futureproof Wine Cellar, that looks great now and in future.

## Rearrange, Specialize, Upgrade, Keep

Bar System that Pays you Back every Penny. Then Saves you More of it. Right Now, & Again & Again. Remove re-investing into Bar Systems based on restaurant designs and projects. Use the same system for different bars X next 40 years.

# Widen Profit Margin

## Monetize Your Glassware

Anyone can clean glasses. Some clean more glasses, some less.

All of them age glasses enough that you keep buying more. **RENOVATE** Automatically. Stop Buying More.

## Your Wines on Your Fingertips

In your App, manage wines in your cellars, where exactly they are, added and removed.

Imagine a time when you want to know the Wine Bottles in you Cellar, and having its access at your Phone, without needing to walk all the way.

## Better Business

### Reducing Carbon Footprint

**Modular Systems Stop the Need** to institute more manufacturing, which is done per project, helping the world meet its Quota of CO2.

**Long shelf life**, and regular use in different projects lets you lower the CO2 emissions dramatically. It is a long term objective and possible right now.

### A True Asset

An **asset appreciates** over time. Our Deployed Solutions work for on for fifty years, change & adapt in future, increasing profit margins wider.
