

# TOP CHILLER

## Description

With Top Chiller it takes just a few minutes to bring bottles of wine, champagne, beer or mineral water at the desired temperature.

Top Chiller, in the models from counter (T2 and T3) and in the version with cabinets (F3) for three bottles located ideal for use in wine bars, bars, restaurants, hotels, exhibition stands, banquets and weddings. Also very useful at home for a friendship toast.

- Chill instantly with  $-2^{\circ}$  per every minute!
- Use it for all glass bottles and for cans
- Suitable for any fast chilling service without weeting you bottles labels
